LANDOWNER - HUNTER AGREEMENT PETITION

We, the undersigned, believe that landowners and hunters, in a partnership for game management, must have a permanent agreement which supports the rights of agricultural property owners. Therefore, **I support:**

- **The permission requirement for access to all private property.**
- **The demand for the immediate repeal of Swampbuster.**
- **The desire and need for economic development in rural areas.**
- **The $10 fee per hunter with the money donated to the Land Legacy Foundation for property rights education.**

As a hunter, I understand that failure to comply with this proposal is *hunting access denied.*

(This petition will be presented to the Congressional delegation and the White House.)
